Pre-Kindy Program

discover  **our potential** together

About our Program

Our Pre-Kindy Program aims to provide opportunities for young children with special needs in their year prior to Kindy, to develop social interactions in a group setting and support their transition into school through purposeful play.

We encourage children to participate in activities that will develop early skills in communication, to prepare for formal learning the following school year.

Skills your child will develop:

- Gross motor and fine motor skills
- Language and speech skills
- Communication skills
- Independence
- Sensory learning
- Self-esteem, resilience and self-management
- Social interaction skills
- Foundation academic skills
- Purposeful play skills
- Group participation skills

School Vision

We are an
inclusive school
that provides
positive learning for everyone
as we
discover our potential together

REGISTRATION

To register your interest for the Pre-Kindy Program please call 9584 7450 or email:

MeadowSprings.ESC@education.wa.edu.au

Alternatively you can phone 9584 7450 to make an appointment with the Principal, Gwen Evans.

320 Oakmont Avenue, Meadow Springs,
WA 6210
